

Creative Writing Portfolio

For the remainder of the semester revise the three pieces you have written for class and assemble them into a portfolio in the order described below

1. Compose a cover page (or two as need be). Type your name at the top right hand side of the page. On this page, write one paragraph for each of your three graded pieces in which you explain what you revised, what you left the same, and your reasons for doing so (single space your three paragraphs).

2. 3 Poems (double spaced). Include two *new* poems along with your revised one.

3. Creative non-fiction (double spaced)

4. Fiction (double spaced)

Print out your portfolio in Time New Roman size 12 font. Number each page.

Due in class and on Thursday, April 26
