

I mportant note: no promises. That is, Dr. King, the King family, Crumpet the Stupid Cat, Gordon College, Louisiana State University, DePaul University, the people of the great city of Chicago Illinois including the Chicago Cubs, Bears, Bulls, Blackhawks and, what the hell let's throw 'em in there too, White Sox make absolutely no claims for the price, quality, seat selection, ticket availability, traffic of the Connector, food at the Shakespeare Tavern, presence or absence of pervy old guys hitting on you during intermission. Use your due diligence.

Other performances MAY be ok, but be sure to check with me before purchasing tickets. Think about what you WOULDN'T normally want to see; the whole point is to get you out of your comfort zone. Make sure to ask about student discounts and be nice to the people who work in the box office. Some art is for adults only; best to ask if you have concerns. Productions start on time and no one will care if you encountered traffic or had difficulty in parking.
